SELAYANG PANDANG

Pembangunan pertanian dalam lima tahun kedepan (2015 – 2019) diarahkan untuk mewujudkan tujuan pembangunan nasional, yaitu menciptakan pertanian Indonesia yang bermartabat, mandiri, maju, adil dan makmur. Pertanian yang bermartabat artinya bahwa petani Indonesia memiliki kepribadian luhur, harga diri, kebanggaan serta merasa terhormat dan dihormati sebagai petani. Pertanian mandiri adalah adanya kemerdekaan dan kedaulatan negara maupun petani dalam segala hal terkait pembangunan pertanian. Pertanian maju tercermin dalam penerapan inovasi ilmu pengetahuan dan teknologi yang baru pada masanya dan yang adil berkaitan dengan pemerataan dan keberimbangan kesempatan berusaha, politik dan jaminan penghidupan secara horizontal, spasial, sektoral, bidang pekerjaan dan sosial. Adapun pertanian yang makmur dicirikan oleh kehidupan seluruh petani yang serba berkecukupan, yang merupakan hasil dari pertanian yang bermartabat, mandiri, maju dan adil.

Salah satu prasyarat untuk meningkatkan peran sektor pertanian dalam pembangunan ekonomi nasional adalah tersedianya sumber daya manusia (SDM) pertanian yang Profesional, Mandiri dan Berdayasaing Berorientasi pada Pengembangan dan Pemanfaatan Bioindustri dan bioenergi yang Berkelanjutan, dimana hal tersebut dapat dibangun antara lain melalui kegiatan pelatihan bagi aparaturnya dan non aparaturnya, peningkatan kualitas program berbasis kinerja serta kegiatan pengembangan SDM lainnya.

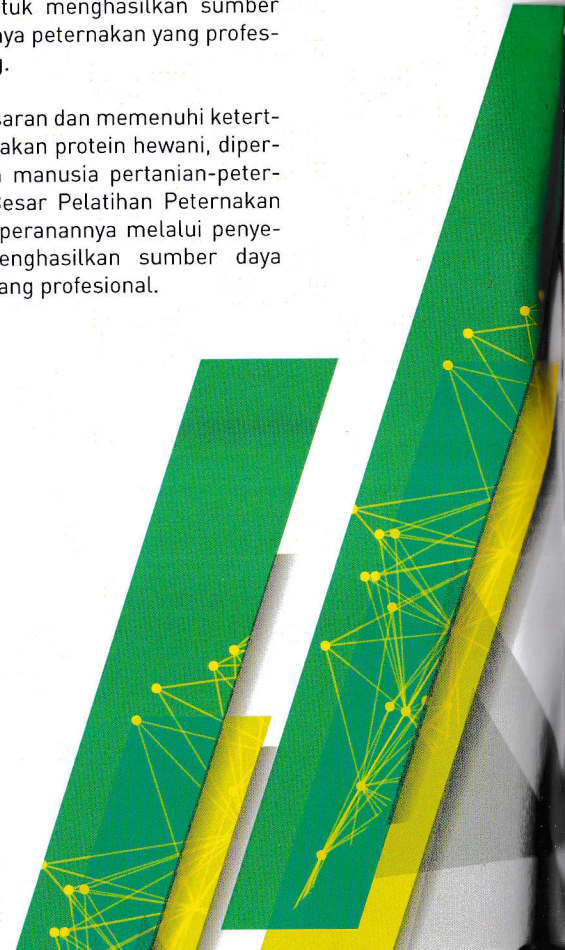

Untuk itu, Balai Besar Pelatihan Peternakan (BBPP) Batu, akan memberikan dukungan dan ikut berperan dengan menyelenggarakan pelatihan untuk menghasilkan sumber daya manusia pertanian, khususnya peternakan yang profesional, mandiri dan berdayasaing.

Dalam upaya untuk mencapai sasaran dan memenuhi ketertinggalan pemenuhan kebutuhan akan protein hewani, diperlukan peningkatan sumber daya manusia pertanian-peternakan yang berkualitas. Balai Besar Pelatihan Peternakan (BBPP) Batu dapat memainkan peranannya melalui penyelenggaraan pelatihan guna menghasilkan sumber daya manusia pertanian-peternakan yang profesional.

FOREWORD

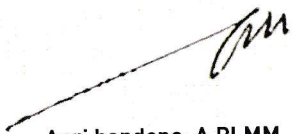

Agricultural development in the next five years (2017 - 2022) is directed to realize the national development goal of creating a dignified, independent, progressive, just and prosperous Indonesian agriculture. A dignified agriculture means that Indonesian farmers have a noble personality, dignity, pride and honor and respect as farmers. Independent agriculture is the independence and sovereignty of the state and farmers in all matters related to agricultural development. Advanced agriculture is reflected in the application of new scientific and technological innovations of its time and justice to equity and livelihood opportunities in horizontal, spatial, sectoral, occupational and social sectors. The prosperous agriculture is characterized by the lives of all the wealthy peasants, who are the result of a dignified, independent, advanced and fair agriculture.

One of the prerequisites to increase the role of the agricultural sector in national economic development is the availability of human resources (HR) of agriculture Professional, Mandiri and Berdayasaing Oriented on Development and Utilization of Bioindustri and Sustainable bioenergy, which can be built, among others, through training activities for the apparatus And non agricultural apparatus, performance improvement of performance based program and other human resource development activities

To that end, National Animal Husbandry Training Center (NAHTC) Batu, will provide support and participate by conducting training to produce agricultural human resources, especially farms that are professional, independent and competitive.

In an effort to achieve the objectives and meet the need to meet the need for animal protein, it is necessary to improve the quality of agricultural livestock quality. National Animal Husbandry Training Center (NAHTC) Batu can play its role through the provision of training in order to produce professional agricultural-farming resources
