Kata Pengantar

Kontribusi subsektor perkebunan terhadap perekonomian nasional pada tahun 2012 mencapai US\$ 35,64 milyar atau setara dengan Rp. 427,68 triliun (asumsi 1 US\$ = Rp. 12.000,-) yang meliputi ekspor US\$ 24,814 milyar, cukai rokok sebesar US\$ 7,918 milyar dan bea keluar (BK) kelapa sawit dan kakao sebesar US\$ 2,908 milyar. Peran perkebunan tersebut cenderung mengalami peningkatan dari tahun ke tahun dalam memperkokoh pembangunan nasional. Agar informasi perkebunan dapat tersebar secara luas, setiap tahun diterbitkan Buku Statistik Perkebunan Indonesia yang menyajikan data secara handal, sahih, objekif, mutakhir dan konsisten.

Statistik Perkebunan Indonesia Tahun 2012-2014 menyajikan data luas areal, produksi, produktivitas baik secara nasional maupun provinsi menurut bentuk/status pengusahaannya yaitu Perkebunan Rakyat, Perkebunan Besar Negara dan Perkebunan Besar Swasta. Penyajian data juga dilengkapi dengan data ekspor dan impor untuk masing-masing komoditas yang mencakup negara tujuan/asal, volume dan nilai, harga di dalam dan luar negeri serta untuk beberapa komoditas tertentu disajikan data keseimbangan dunia.

Data yang disajikan merupakan hasil sinkronisasi dan validasi data statistik perkebunan 2012-2014 yang dilaksanakan secara berjenjang dari tingkat kabupaten sampai tingkat nasional dengan mengacu pada Pedoman Pelaksanaan Pengelolaan Data Komoditas Perkebunan yang diterbitkan Direktorat Jenderal Perkebunan. Data tersebut meliputi angka tetap (ATAP) Tahun 2012, angka sementara (ASEM) Tahun 2013 dan angka prakiraan (AESTI) Tahun 2014. Data yang disajikan bersumber dari data primer yang dikumpulkan dari dinas yang membidangi perkebunan di provinsi dan data sekunder yang dikutip dari data yang diterbitkan oleh Badan Pusat Statistik (BPS), Kementerian Perindustrian, Kementerian Perdagangan, Bank Indonesia, dan publikasi yang diterbitkan oleh asosiasi-asosiasi perkebunan baik dalam maupun luar negeri.

Buku ini dapat diterbitkan, atas dukungan dan kerjasama yang baik dari berbagai pihak. Untuk itu, pada kesempatan ini, kami mengucapkan terima kasih atas dukungan dan kerjasama tersebut. Kami menyadari bahwa buku yang diterbitkan ini masih jauh dari sempurna. Untuk itu, kritik dan saran yang sifatnya membangun sangat diharapkan sebagai bahan masukan dalam perbaikan penerbitan di masa datang.

Semoga apa yang disajikan dalam buku ini dapat digunakan oleh berbagai kalangan dan para pengguna data serta dapat dijadikan acuan dalam pengambilan kebijakan.

Preface

The contribution of Estate Crops Sub Sector to the national economy in 2012 was US \$ 35,64 billion or equivalent to Rp. 427,68 trillion (assumed 1 US \$ = Rp. 12.000) which consisted of export value of US\$ 24,814 billion, cigarette and tobacco customs of US \$ 7,918 billion and palm oil and cocoa export taxes of US \$ 2,908 billion. That role of the estate crops tends to increase significantly from year to year in strengthening national development. Furthermore, to spread estate crops information widely, the Estate Crop Statistics of Indonesia is published every year that presented reliable, valid, objective, up to date and consistent data.

The Estate Crop Statistics of Indonesia 2012-2014 presents area, production and productivity data by province and district level of Smallholder, government and private estates. It is completed by volume, value of both export and import data, price data for domestic and world market and also world balance data for some commodities.

Data presented are the result of synchronization and validation of the estate crop statistical data 2012-2014 which are held hierarchical from the district to the national level by using guidelines of data management of estate crop commodities. In this edition, data of the 2012 are presented as fixed data, data of the 2013 are the preliminary data and data of the 2014 are the estimation. The primary data were collected from the Estate Crops Province Level and the secondary data were collected from related institution such as Board of Central Statistics, Ministry of Industry, Ministry of Trade, Central Bank of Indonesia, the publication of Estate Commodity Associations and others.

It would have been impossible to compile this book without substantial support and contribution from many institutions. At this opportunity, we would like to thank all for their support and cooperation. We realize that the publication still needs further improvement. We would greatly appreciate comments and suggestions for future improvement.

Hopefully this publication will have high values for users and references for policy makers.
