## KATA PENGANTAR

Buku Statistik Peternakan merupakan salah satu penerbitan penting Direktorat Jenderal Peternakan, dan dijadikan sebagai salah satu bahan acuan perumusan kebijakan dan pengambilan keputusan pembangunan Peternakan.

Secara khusus Buku Statistik Peternakan Tahun 2006 ini mencakup data dan informasi peternakan serta informasi tentang ekonomi perdagangan peternakan, yang meliputi perkembangan Produk Domestik Bruto, Investasi dan Ekspor Impor. Selain itu dimuat data tentang Sumberdaya, Sarana dan Prasarana Peternakan. Sedangkan data teknis antara lain mencakup Perkembangan Populasi dan Produksi Ternak serta Konsumsi Hasil-Hasil Peternakan. Pada bagian lain dari buku ini juga dimuat data parameter, walaupun masih sangat terbatas dan data-data pendukung pembangunan peternakan lainnya serta daftar alamat unsur-unsur yang terlibat dalam pembangunan peternakan. Diharapkan data yang tercantum dalam buku ini bermanfaat untuk mendorong berkembangnya sistem dan usaha agribisnis berbasis peternakan.

Namun disadari sepenuhnya penyajian atau publikasi dari buku ini masih banyak kekurangannya, sehingga diharapkan adanya saran atau usul penyempurnaan dari semua pihak untuk penerbitan tahun-tahun yang akan datang.

Semoga Buku Statistik Peternakan Tahun 2006 ini dapat berguna dan memberikan manfaat bagi kita semua.

## PREFACE

*This Statistical Book on Livestock 2006 is one among many of publications released by the Directorate General of Livestock Services (DGLS) which provides important information relevant to policy formulation and decision making process for livestock development in general.*

*The book contains mostly economic data directly usable as references for livestock trade purposes such as Gross Domestic Products, Investments as well as livestock exports and imports. Other relevant information covered includes livestock potentials at different region, livestock facilities and equipments and additional technical information on livestock population, production and livestock product consumption.*

*Several livestock technical parameter expected by the readers to be included in the book are also provided despite they are at present time still limited. Information on addressess of important institutions and livestock development agents as well as stakeholders are presented for convenience.*

*There is nothing more important from DGLS viewpoints that the Statistical Book 2006 provides everything instrumental for everyone interested in livestock development. However, we do need your further suggestion which brings a more valuable livestock Statistical Book in the future.*
